Silky lingerie. Fluffy soufflés. And red-hot diamonds.

ACCESSORY

Pillow Talk

We can't resist the cushions, throws and screens from Vancouver's **Ouno Design**, handmade out of vintage curtains and clothing. Appealing for their modernism, beautiful patterns and environmental sensitivity, these creations look and feel gorgeous and new. Supergraphic orange, modernist zigzag, Japanese yellow blossom and '60s psychedelic pink pillows, all \$85 each.

For a luxe interior design shopping option, see page 142.
